## UPDATE ON COVID-19
## FREE ANTIGEN TESTING AVAILABLE AT ALL OUR BEACH RESORTS

**Dear guest,**

We have created the **Travel with Confidence** program, implementing the most effective cleaning and sanitizing measures to offer you memorable experiences in a completely safe environment.

As an additional precaution, considering that some countries are now requiring a negative Covid-19 test for travelers flying in, we are including a complimentary Antigen testing performed by a local lab inside hotel facilities, for your safety and comfort. All you need to do is contact our Concierge 36 hours before your departure, and schedule your appointment. This service will end once the Government Testing Mandate is lifted.

If you require a PCR test, our Concierge will be happy to assist you. All you need to do is contact our Concierge 72 hours before your departure, and schedule your appointment. This service has an additional cost, and is subject to availability.

As a protective measure, please note that during your check in you may acquire the **Travel with Confidence Protection**, our own insurance program that covers any accidents or illnesses (including Covid-19) during your stay at any of our hotels at a cost of $4 USD per night. As part of this insurance, if you test positive to Covid-19 during your stay, we offer a special accommodation rate of $10 USD (plus taxes) per night, per person during your quarantine period.

In case you present any symptoms related to Covid-19, please alert one of our staff members so they can assist you and find a suitable solution. Customers are our top priority and we are more than happy to welcome you.

Sincerely,

Enrique Calderón
Chief Operating Officer
